### **Justification**

Through the "general decree on measures to combat the spread of the coronavirus SARS-CoV-2 and to determine the areas in which, according to Section 2a (2) sentence 1 of the state ordinance to combat the coronavirus SARS-CoV-2, mouth and nose covering is to be worn "from June 12th, 2021, the obligation to wear a mouth and nose covering in the NOK pedestrian tunnel in Rendsburg, including the elevators and escalators, was ordered for a limited period until June 27th, 2021.

The legal basis for this was §§ 28 Paragraph 1 Clause 1, 28a Paragraph 1 No. 2 IfSG in conjunction with § 106 Paragraph 2 LVwG in implementation of § 2a Paragraph 2 State Ordinance to Fight the Coronavirus SARS-CoV-2 of 11.06 .2021.

According to Section 28 (1) IfSG, the competent authority shall take the necessary protective measures, in particular the necessary protective measures, in the event that sick people, suspects of illness, suspects of contagion or who have been eliminated or it emerges that a deceased person was sick, suspected of being sick or who had eliminated in § 28a Paragraph 1 IfSG and in §§ 29 to 31 IfSG, insofar as and as long as it is necessary to prevent the spread of communicable diseases. Necessary protective measures within the meaning of § 28 paragraph 1 sentence 1 IfSG to prevent the spread of the coronavirus disease-2019 (COVID-19) can be carried out for the duration of an epidemic situation of national scope according to § 5 paragraph 1 sentence 1 IfSG the German Bundestag in particular the obligation to wear a mouth and nose cover (mask requirement), § 28a paragraph 1 no. 2 IfSG. In particular, the competent authority can oblige people not to enter public places or only under certain conditions.

According to Section 2a Paragraph 2 Clause 1 of the State Ordinance on Combating the Coronavirus SARS-CoV-2 of 11.06.2021, pedestrians must cover their mouth and nose in pedestrian zones, main shopping areas, train stations and other inner-city areas, streets and To carry places with comparable public traffic, in which typically the distance requirement cannot be adhered to. The areas according to sentence 1 as well as time restrictions are determined by the competent authorities, in the area of the districts after consultation with the affected district-belonging communities, by general decree and made known locally. The validity according to sentence 1 should be indicated in a suitable manner by means of signs. The obligation according to sentence 1 does not apply to eating and smoking, provided this is done while sitting or standing.

The values of the new infections in the last seven days per 100,000 inhabitants in the Rendsburg-Eckernförde district are as follows in the last few days:

- 09.06.21: 5,1
- 10.06.21: 5,1
- 11.06.21: 4,0
- 12.06.21: 3,3

- 13.06.21: 3,3
- 14.06.21: 3,3
- 15.06.21: 3,3
- 16.06.21: 4,0
- 17.06.21: 2,6

Due to the very low incidence values, it is currently no longer proportionate to wear a mouth and nose cover in the NOK pedestrian tunnel in Rendsburg, including the elevators and escalators.

The probability that aerosols will be spread there by people infected with the SARS-CoV-2 virus is so low in view of the currently low number of infections that an interference with the civil liberties is no longer appropriate.

A further decrease or a hold of the incidences in the district of Rends-burg-Eckernförde can be expected in the coming days. For this reason, the obligation to wear a face-to-face mask in the Rendsburg NOK pedestrian tunnel, including the elevators and escalators, ordered by the general decree of June 12, 2021, is to be lifted on June 21, 2021.

Diese Anordnung tritt am 21.06.2021 in Kraft.

The order is immediately enforceable in accordance with Section 28 (3) in conjunction with Section 16 (8) IfSG. Objections and actions for rescission against these measures have no suspensive effect.

The general decree and its reasons can be viewed during office hours in the Rendsburg-Eckernförde district, Kaiserstraße 8, 24768 Rendsburg.
